

VOCATIONAL TRAINING FOR HANDICAPPED CHILDREN:

Our non-Governmental organization has been organized Residential Vocational Training Programme for disabled person. Through the advertisement with village wise, we have chose 165 (One Hundred Sixty Five) handicapped youths for vocational training,. Due to unemployment the handicapped youths have depended on their family. They have good infrastructure in the training period. The handicapped youths have like the income generation training programme for their livelihood. After the training, they are able to employment.

The training management committee of our organization has been reported handicapped in the district, the matter was discussed in the managing committee meeting. The matter was resolved positively to open and run to provided facilities to handicapped.
